## 2022 BOARD CHAIR'S REPORT

Barry Dent

*I present my Report for the year ended 31 December 2022.*

2022 was another year affected by the world-wide pandemic but not to the same extent as 2021. Again this year we have weathered the change environment well and the future appears bright. There is no doubt 'change' will continue to impact us and we will need to be nimble enough to take advantage of all the opportunities that present themselves.

### OUR PEOPLE:

**Sandra French** was elected at the 2022 AGM to be our Patron, following Maurie Henshall's death in 2021. **Ben Sheat** resigned from the Board on 15 February 2022 and this vacancy was left vacant until the 2022 AGM. **Murray Kennedy's** two terms on the Board were due to come to an end at the 2023 AGM but due to other commitments Murray resigned from the Board on 13 December 2022 and this vacancy was left vacant until the 2023 AGM. We are grateful to both Ben and Murray for their contributions to Canterbury basketball. Thank you!

Six nominations were received for the three elected Board positions. They were from the two retiring Board members **Fee Chapman** and **Diane Fenika**, as well as the co-opted member **Jane Lattimore**. In addition applications were received from **Dave Harrison**, **Craig Weston** and **Greg Williamson**. As a result of an election at the AGM **Fee Chapman**, **Jane Lattimore** and **Greg Williamson** were elected to the Board. Our thanks go to **Diane Fenika** for her three years of service on the Board!

Two applications for Appointment to the Board were received. The Selection Panel met and appointed **Will Lovell** to the Board with effect from the 2022 AGM.

**Clive Beaumont** has now been with us as General Manager for three years. Clive has made his mark at a BBNZ level and his leadership of the operational side of Canterbury basketball has been outstanding. **Toni Smith-Hunwick** joined CBA in January 2022 and resigned as our Referees Appointment Officer in December. All the best to Toni for the future! **Ben Constable** was appointed as Head of Pathways and Community Development in January 2022 also and has made a tremendous contribution in his first year.

### STRATEGIC PLAN:

Our Strategic Plan for the three year period to 2022 has concluded. The Plan was designed to be a challenge, and a challenge it was, given the pandemic. Suffice to say significant progress was made in achieving many aspects of the plan related to compliance, development opportunities, representative team successes and financial stability. Areas where more progress could have been made were in referee development and communication with members of the Association. The new Strategic Plan for 2023-2027 will address both these areas. It will be published prior to the 2023 AGM. The General Manager will develop Annual Operational Plans based on the Strategic Plan and report to the Board each quarter on operational progress towards meeting goals in the Strategic Plan.

**ALLOYFOLD CANTERBURY WILDCATS:**

Unfortunately our Application for a Franchise to run a Canterbury team in the Women's National League from 2022 was unsuccessful. That meant the end of the Alloyfold Canterbury Wildcats as a team in this League. It would have been a particularly tough challenge to set up a team in the time frame established and would have caused us significant financial difficulty in 2022. The Association wishes the Mainland Pouākai all the best for the future. We want to sincerely thank the Wildcats' sponsors for their loyalty over many years. Thank you for that. It allowed us to 'punch well above our weight'!

**KEY PARTNERSHIPS AND COLLABORATION:**

In order to achieve those outcomes set out in the Strategic Plan we need to work alongside a number of other organisations. Those we work alongside include Basketball New Zealand (BBNZ), our Clubs, North Canterbury Basketball, Mid Canterbury Basketball, Sport Canterbury, Canterbury Regional Basketball Foundation, and School Sport Canterbury.

**OUR FINANCES:**

A review of the Annual Finance Report shows our financial position remains very sound despite the pandemic. Our operational surplus for the 2022 year, of over \$13,000, is better than the budgeted deficit of \$25,524. The Year-End result includes the unrealised loss of \$37,944 on the Consilium Portfolio investment set out below. Our net asset value has remained steady at around \$500,000.

The Board wishes to see us utilise our Charitable Status to assist to diversify our income sources with more vigour going forward. Work is underway in this respect.

An area of satisfaction to the Board is the level of reserves held by the CBA. At year's end our reserves have been maintained at over 50% of one year's income.

An investment of \$300,000 was made during the year in a managed Consilium SRI Portfolio. Unfortunately the performance of almost all managed funds in 2022 was negative and our funds similarly performed negatively. Whilst an unrealised loss of \$37,944 to 31 December 2022 was disappointing the investment was made for the long term and hopefully will prove to be a good one over the medium to long term.

**OTHER MATTERS:**

This year was the second year of the Representative programme being run in house. Despite the effects of the pandemic a large number of participants were very happy with the programme and the results at national tournaments were outstanding.

The BBNZ 'Structural' Review continued during the year. The delivery system structure progressed pretty slowly. More work was required by BBNZ at year's end. The Board has a position that it will support the proposal but only once it is comfortable with the process to be used to implement the new ways of delivering basketball in Canterbury and NZ.

The Association celebrated its 50th jubilee in August. Those who attended enjoyed a fabulous night of celebration and reminiscing which was superbly organised.

**THE FUTURE:**

Given a number of developments over the last year and with a new Strategic Plan in place, the time is right to now be able to put more back into the sport to make the experience for the participant more enjoyable as, after all, that is the fundamental reason for participation in our sport. The General Manager will outline these exciting developments in his section of this Report and at the AGM.

**THANKS!**

There are many people who give their time voluntarily to enhance the sport of basketball in Canterbury. The Board thank you for the time you give to our sport. Thanks!

Thank you to the team at the office, James, Nicky, Ben, Nicole, Toni and Clive for your efforts for the betterment of basketball. Your ongoing commitment is very much appreciated!

Thank you also to our supporters, funding partners and sponsors who assisted us during the year. Without you we would not be able to provide the community with the opportunities they currently have. A list of our sponsors, partners and supporters is set out elsewhere in this report.

To anyone else who assists us in any way thanks to you all as well.

*For and on behalf of the Board*

## GENERAL MANAGER'S REPORT

*Clive Beaumont*

In August 2022 we celebrated the 50th Anniversary of the Canterbury Basketball Association, a real highlight of the year and an event which brought together and reconnected people who have played an integral part of making the Association, and the sport of Basketball what it is today in the region. It left me with a feeling of awe in what people over the years have achieved by dedicating countless hours in a voluntary capacity. I am humbled by their contributions and also feel privileged to be in my current position tasked with improving the sport for all in our community.

We, at CBA, all strive to be the best and despite some issues, we do have the best basketball system and competitions in the country, and the basketball community we have here in Canterbury is envied elsewhere. We always need to bear this in mind to put some perspective on matters.

Despite more than two years of disruption from COVID, I believe we advanced the sport during the last period of Strategic Planning which came to an end in December 2022. Whilst not achieving everything, I believe we progressed most things and certain goals were made unattainable by unforeseen factors.

The CBA Club Competition and Club Development plan will be front and centre as we enter a new Strategic Plan period, which will be further discussed at the AGM. We have listened to the feedback we got late last year and consulted widely so that the Board were able, with the skilled assistance of Tim Shannahan, to come up with a plan which aims to consolidate initially, then grow again. I believe the process has been robust and we can start investing into programmes which will achieve our goals over the next four years.

The Strength and Adapt plans are now established at BBNZ, and will run parallel to our own strategic plan and we will continue to work with Lori to progress projects in terms of Club Development, consistent and aligned Coach Education, Referee training, and upskilling Development Officers to train and accredit volunteers within their clubs. Coachmate is now firmly established as a great tool for coaching sessions to be planned by volunteer coaches, and I am informed that Canterbury has the greatest number of users on the application since it was launched. We hope this year will see further tools in place online to assist clubs in their management and development.

Locally, I continue to challenge the team as to how we at the CBA can enhance basketball, by adding value into the clubs and rolling out a raft of development programmes with regards to Club Capability, Player Development, Coach Education, and Referee Development across all levels of the game.

The latter is, of course, our #1 priority in 2023 and beyond. To this end we worked on a long term Referee Development plan, with short term priorities towards the end of 2022, and after having this peer-reviewed by Karin Berrysmith from Basketball Victoria, we believe that by implementing the plan we can grow the base of referees to meet our strategic goal in this regard.

I am proud of the team here at CBA and their willingness to respond to the ever-changing demands of running a major sport in our community. The hours they dedicate to making Basketball an enjoyable competitive experience cannot be underestimated, so I extend a special thanks to all the CBA staff this year for

their contribution and efforts throughout the year. The CBA office operate as a genuine team and share a common vision for the future of the sport in Canterbury and New Zealand.

The CBA Board, who give generously of their time and expertise, should be given the credit they deserve. All Board members contribute and ensure that CBA are properly governed with financial and other risk assessment, as well as ensuring we do not deviate too far from the goals set out in our Strategic Plan.

This is largely down to the level of commitment by everyone in our Clubs and Schools who have a passion for our Sport and are determined to give the best experience for those that wish to play at whatever level. I acknowledge and thank all those individuals and organisations who support the work of the Association and Clubs. The coaches, administrators, referees, funding organisations, sponsors, and players are all partners on the journey, and integral to the success of the sport in the region.

Finally, I want to mention the Alloyfold Canterbury Wildcats. Despite our best attempts to overcome the hurdles placed in front of affiliated associations, controversially, we were replaced by a new franchise in the Women's NBL, the Mainland Pouākai. We wish them all the best moving forward as a team in the Taihi National League and hope they can be as much of an inspiration as the Wildcats team was over the last decade, in promoting the female side of the sport and inspiring girls and women to make basketball their recreational sport of choice for life.

## CLUB BASKETBALL REPORT

*James Lissaman*

### OVERVIEW

It feels so long ago that we had seasons constantly being interrupted by COVID. In reality the start of our 2022 season was not assured to begin on time, as schools were dealing with closures, with significant amounts of their staff and students being away throughout Term One. Some of our clubs found getting teams up and running much harder than anticipated due to these closures, as sourcing gym space for trials and practices become much more difficult with schools severely limiting "outside" users.

When it came time though, we did tip-off our opening weekend as planned (well almost – I ended up being in isolation that weekend myself, so was following everything remotely from home!) Upon reflection at the conclusion of the season, we had relatively few games defaulted or deferred due to sickness. The relative straightforward nature of the season, in comparison to the last two, shows how organized our clubs were, being able to get players from lower aged teams, or coaches, to help fill-in as needed.

For our junior boys' grades (U13, U15 and U17) we introduced a new style of format, with the teams being entered into either "A Grade" or "Sub-grades" at the beginning of the season. The A grade

competition was essentially separate from the sub-grades, allowing a format to be created in this grade with more certainty a lot sooner, than in prior seasons. The sub-grades did not have finals, but instead were split into groups of teams that appeared to be of a similar ability. This allowed me to move teams up or down throughout these groups every few weeks, with the goal to improve the competitiveness of each game, and maximise the development for these teams and their players.

We also introduced split timings for certain venues (some venues would tip their first game at 9:00am, while others would tip at 9:45am) This helped us finish as early as possible in the afternoon at as many venues as possible, while fitting with the ratio of teams competing in "morning" or "afternoon" competitions, and providing more flexibility when dealing with potential clashes. Most Saturdays during the season saw us running competitions on 16 different courts, located in ten distinct venues across the city.

We had another increase in teams competing in our Winter Club Competitions, with 213 teams entering. This increase in teams has seen the

number we cater for more than double since 2015 (106 teams entered). The past five years seeing growth of 80% in terms of team entries. We are now at the stage where we need to cap the number of teams entering in some of our competitions, due to approaching the limitations of resources we need to run games (not the least of which is suitable gym-space). This sustained period of growth does provide us with more opportunities as well, as the number of people interested in coaching has consistently been growing in line with the number of teams entering.

In the High School space, our McDonald's Thomson and Whelan Competitions had 41 teams competing over Terms Two and Three, with five boys' teams, and four girls' teams qualifying for, and attending the School National Tournament, which was held for the first time since 2019

I would like to personally thank all the administrators and coaches I deal with, the amount of effort many of you give as volunteers is so vital for what we are able to achieve as a sport. I am expecting the 2023 season to be relatively smooth, as we focus on strengthening and expanding upon the systems we already have running.

## MILES TOYOTA MEN'S PREMIER LEAGUE: PIONEER vs ATAMI (6 TEAMS)

Atami was back in the Grand Final for the third consecutive year, but were facing the class of the competition in Pioneer (who finished four games clear of second on the table).

The threes were falling for Pioneer to start off the game, with Finals MVP Nic Wenmoth (22, 10r, 5s) knocking down three in the first quarter individually (and the team hitting a combined 5/10 in the period).

Atami found themselves in a similar position to the 2021 final, this time down 73-49 to start the fourth quarter. They didn't have an amazing 21-0 run in them this time, but were able to pull the margin to single figures, giving their supporters hope of an amazing comeback. It wasn't to be though, as Pioneer maintained their composure down the stretch, celebrating a well-deserved championship 85-72.

## MILES TOYOTA WOMEN'S PREMIER LEAGUE: CHECKERS vs HALSWELL (5 TEAMS)

Halswell was the #1 seed coming into the Grand Final, and had taken the win in each of the regular season matchups against Checkers. However they knew they were facing an in-form Checkers team, with league MVP Nicole Gleason dropping 42 points in a tense Semi-final win on Wednesday night.

Halswell led for the bulk of the first quarter, but a 12-0 run for Checkers gave them a lead they would never relinquish. Things did get interesting in the latter stages of the third quarter, as the green machine strung their own 10-0 run together. It was however, too little, too late, as Checkers combatted this run, and pushed the lead back above 20 points.

Nicole Gleason was named Finals MVP (22, 13r), and a standout performance from teammate Karereatua Williams (26) saw Checkers cruise to a 81-58 win.

The Men's Division One Competition featured eleven teams in 2022, with Pioneer Blue battling through the closing parts of the season to make it into the final against a Warthog team that was new to the competition, but featured plenty of successful experience at the Premier level.

A back and forth first quarter made way for a Warthogs' 16-2 run to start the second, which saw them pull ahead of Pioneer.

The second half was a tug of war between the two sides. Pioneer closing the gap on the scoreboard to a two-basket margin on numerous occasions, but the Warthogs always scoring the next points to stay just ahead.

Jordyn Kauta (18) recognised as the Finals MVP en route to his Warthogs team winning 73-60.

2022 was the seventh consecutive season that Halswell Red had qualified to play in the Grand Final for the Women's Division One Grade, with the matchup against UC Maroon being a replay of the 2021 Grand Final. The two regular season games between these teams were decided by a total of only six points (both games going in Halswell's favour), but UC Maroon came out firing in this game, pushing out to a 22-9 lead at the end of the first quarter.

Ultimately, Halswell couldn't come up with a defensive gameplan that would slow down their opponent, as UC continued to build on their lead. Finals MVP Meg Thompson (21) hit four key three-point buckets during the game, which always seemed to happen just as momentum started to be shifting away from her team.

UC Maroon successfully reversed 2021's result, winning the 2022 Grand Final 70-55.

## MEN'S U23 PLATE: CHECKERS TAITAMARIKI vs WOLVERINES

## MEN'S U23 DEVELOPMENT: LU LONGHORNS vs UC B (4 TEAMS)

Atami and Gators had endured a hard week leading up to the MU23 A Grand Final, with players in both teams taking the court for their club's Premier side on Wednesday night, then competing in the U23 Semi Finals on Wednesday.

Despite this, the teams put on a high-quality show, each team having a double-digit lead at different stages in the first half, only to see the other team battle back. Atami grabbed the lead from Gators towards the end of the third quarter, and as had been the case all game, this was reeled back in.

Both teams were locked in a 75-75 tie midway through the fourth. From this point on though, it was Atami, who sealed the deal with a 15-0 run. Joel Jeffrey (34) named as Finals MVP after a stellar performance, and his Atami winning by a final score of 96-78, which did not do justice to how close of a game this contest was.

In the Plate Final (played one week earlier), Checkers Taitamariki came back from a 17-point deficit to force overtime, winning 106-96. Mitch Corkery (33) named as the Finals MVP in this game.

In the Development Final, the LU Longhorns and UC B reprised their 2021 Finals match, with LU winning again, 66-57. Hamish Robinson (8) the Finals MVP.

## MEN'S U20 MID: PAPANUI CHECKERS vs CASHMERE MAROON (8 TEAMS)

## MEN'S U20 DEVELOPMENT: UC-CHRIST'S vs UC-CBHS (7 TEAMS)

Both Gators Grey and Checkers Redbacks had one possession wins (Checkers in overtime) in their semi-final wins, despite being the #3 and #4 seeds respectively.

As was expected, a tense battle on the hardwood ensued in the final MU20 A game of the season. The key decider for this game being the first half points – Checkers held to only 25, while Gators managing to bank 38 points. The Redbacks got close throughout the second half, but Gators Grey had the right response each time, with Finals MVP Faanuu Muao (24) scoring 19 points in the final two quarters.

Gators the 2022 MU20 Champions after a 79-66 win.

The Middle Grade had the Papanui Checkers win 88-74 over Pioneer-Cashmere. Connor Radbourne's (36) outstanding performance seeing him named Finals MVP.

## PIZZA REPUBLIC BOYS' U17 A: SHIRLEY BOYS' SPARTANS A vs RANGIORA (11 TEAMS)

## BOYS' U17 SUB-GRADES (24 TEAMS)

One of the most entertaining Junior Finals of the day was in the U17 grade, with the #3 and #4 seeds both making it through the playoffs. Tyrell Searle (23) started off on fire for the Spartans, hitting three consecutive shots from behind the arc to give Shirley an early 12-point lead. Rangiora fought back to close the margin to a solitary point, with Jonty Daniels (21) being a constant problem for the Spartans to solve on defence.

Finals MVP Kobe Costley (34) hit a remarkable 7/9 from the three-point line, and helped ensure his team answered every run from Rangiora, never once ceding the lead to them as Shirley Boys' pulled away in the final quarter to win 83-72.

## PIZZA REPUBLIC GIRLS' U16: CHECKERS vs NORTH CANTERBURY BLACK (7 TEAMS)

An unbeaten season was on the line for Checkers, with North Canterbury Black in the challenging spot of trying to end their run. The first quarter looked like we were in for a treat, with the two teams exchanging the lead multiple times before a 9-0 Checkers run saw them jump out in front to end the period. NC kept the game close until the third quarter, when Checkers strung a 15-0 run together to build an unassailable gap between the two teams.

Nova Taukamo (15) was named as Finals MVP, as Checkers went on to win 76-62

## PIZZA REPUBLIC BOYS' U15 A: ST. THOMAS THUNDER vs KAIAPOI (16 TEAMS)

### BOYS' U15 SUB-GRADES (36 TEAMS)

The STC Thunder and Kaiapoi High teams faced each other for a third time this season, and were locked together through the first three quarters. There was never more than six-points separating either team as they battled back and forth, both having multiple times in front. St. Thomas had built a small five-point lead entering the fourth quarter, and were able to withstand the Kaiapoi challenge in the final ten minutes.

Mana Martin took the role of a one-man wrecking crew, as he dropped 43 points on the Kaiapoi defence, surprising nobody as he was named Finals MVP. STC winning the grade 70-57.

## PIZZA REPUBLIC BOYS' U13 A: GATORS GREY vs SELWYN HAWKS (10 TEAMS)

### BOYS' U13 SUB-GRADES (18 TEAMS)

Selwyn and Gators Grey had both only dropped one game this season, with the Gators team getting the better of Selwyn when they matched up previously, by a relatively large 24-point margin. The Grand Final showed how much closer these two teams were now, with the lead being passed back and forth between each team. A decisive five-point flurry in the fourth quarter for Gators Grey ended up being too much for Selwyn to battle back from.

Samuel Ovalle-Pasten (22) was named as Finals MVP, as Gators Grey won 59-49.

## PIZZA REPUBLIC GIRLS' U13: HALSWELL vs NORTH CANTERBURY WHITE (7 TEAMS)

This Grand Final was the only one-sided game of the day, with an extremely focused Halswell team using their superior size to hamper any attempts by NC to mount a challenge. Halswell won all four quarters, with Finals MVP Ella Buchanan's (12) running half-court shot at the buzzer a fitting metaphor for the game as a whole.

The final score was a convincing 55-22 win for the green machine.

## MAJOR AWARDS WINNERS

CBA Staff

### **Services to Basketball Paula Wilkinson**

Paula Wilkinson has dedicated her life to Basketball. Renowned for her optimism, diligence, and empathy, she has grown Pioneer Basketball Club from a fundraising competition for Mount Herbert in the 90s, to what is now one of the major clubs in Canterbury.

With Paula now leading a dedicated team of young administrators and coaches, Pioneer runs the largest primary school competition in Christchurch. The club has instilled a love of the game for thousands of players who still play to this day; from the highest levels of our national game; to local social competitions.

Paula never takes credit for the growth of game or the achievements of her club and its alumni. Instead she spends her few spare moments celebrating the club's past and present members and planning its future.

We would like to give credit to Paula as the recipient of the "Services to Basketball" Award for 2022 to acknowledge that Basketball in Canterbury would not be where it is today without her.

### **Administrator of the Year Ben Eves**

Ben Eves has returned back to his roots and taken responsibility for the St. Andrew's College Basketball Programme, after attending the school as a student in his youth.

He is one of the most efficient Administrators we deal with, always ensuring his teams are well prepared to enter our competitions, with all of the requirements fulfilled.

In 2022 Ben has formalised a connection between the Checkers Club and St. Andrew's, which will help ensure players leaving the school are more likely to continue playing basketball in the region.

Ben is always happy to help organise things that may make basketball better, helping get access to the College gym to host games on Saturday, sourcing referees and a Floor Controller (or even stepping in himself in both of these roles), and organising live streams of games there.

Ben Eves is an extremely well-deserved recipient of our "Administrator of the Year" award for 2022.

### **Coach of the Year Joshua Thompson**

Joshua Thompson is dedicated to basketball. This year he has coached Lincoln Men's and Women's Premier teams, Canterbury's U19 Women's Representative team, the Canterbury Wildcats in the inaugural National D-League competition, and served as an assistant coach to both the Mainland Pouākai, and Cashmere High School.

Cashmere High School wisely acquired Joshua midway through 2022 from Ellesmere School where he ran their basketball programme.

Never complaining of overload, those close to Joshua, whilst being astounded by his coaching ability and workload, know he loves the game more than most. As a result of his love, dedication to the game along with his capacity to coach at a high level, we are proud to name Joshua Thompson as the 2022 "Coach of the Year".

### **Club of the Year Halswell Women's Basketball Club**

In a season of near normality in terms of play we recognize one of our smaller clubs that has, throughout the CBA's history, provided a dedicated pathway for female players.

This year in particular they have seen success from their hard work with teams reaching finals week in the Women's Premier Grade, Division One, Midweek and the Girls' Under 13 competitions.

In addition, the club has assisted with the introduction of the new referee appointment system and always supplied its quota. The committee of this club have worked hard to be a sustainable model club for female players.

We are proud to announce the Halswell Women's Basketball Club as our 2022 "Club of the Year".

## MIDWEEK WOMEN

The Midweek Women's league had eight entries in 2022. The Pioneer Pacers making their third consecutive appearance in the finals, vs Halswell Red.

The first half was close, but early in the second half Pioneer Pacers started to pull away going up 32 -21. Both teams went cold for the next 8 or so minutes, until Halswell Red broke the streak with a basket, cutting the lead to 9.

The last 7 minutes of the game Pioneer Pacers didn't score, and Halswell Red took full advantage bringing the game back. But that still wasn't enough, and The Pioneer Pacers took the 34 - 32 win over Halswell Red.

## MCDONALD'S HIGH SCHOOL COMPETITIONS

### MCDONALD'S THOMSON TROPHY DIVISION I FINAL: CHRIST'S COLLEGE vs ST. THOMAS

Cowles Stadium was packed out for the Thomson Trophy Final. Christ's started off hot with a quick 5-0 start. Truman Heath driving from the half court line for a finger roll lay up, then a fast break 3 pointer by Tom Harrison. St. Thomas had an answer back with a block by Max Fale, leading into a fast break by Louis Gordon who dished it off to Kobe Northmore for an "and 1".

After the first quarter the score was 21 – 18, anyone's game. But the second quarter was dominated by Christ's College, outscoring St. Thomas 28 to 13. Going into halftime with a 49 – 31 lead over St. Thomas. After that second quarter performance

by Christ's they never looked back and kept a large lead the rest of the game.

When the final siren went off, Christ's College became back-to-back Thomson Trophy Champions. With a 99 – 81 win against a hard fought St. Thomas team. Tom Harrison was named Finals MVP with 36 points, 6 rebounds and 4 steals. He had other teammates helping him in this win, with one of them being Hunter Adam adding 27 points to the board.

## MCDONALD'S WHELAN TROPHY DIVISION I FINAL: ST. ANDREW'S COLLEGE vs RANGIORA HIGH SCHOOL

StAC was back for a third time, but their opponents Rangiora had some experience too. They were back in the Grand Final for the second consecutive year and didn't make it easy on the back-to-back to back champions of the Whelan Final though, refusing to go down without a fight.

Sure, there were some nerves for this game, as last time they played it came down to the wire. It took a few possessions for both the teams to get points on the board. But once they got going and in the groove of things the game turned into a scoring-fest.

The first quarter ended with StAC up by one with a score of 17 - 16. After the quarter Kavanah Lene came out ready, with a steal and a lay-up contributing to her 15-point game. This helped StAC excel, building a nine-point lead on Rangiora. St. Andrew's winning that quarter 20 - 12, to go into the halftime break ahead 37-28.

After half-time Rangiora came out ready to play with a quick basket by NZ Rep Ashlyn Rean cutting the lead down to seven points. StAC immediately answered back, with Ophelia Powell (9, 5r, 2b) leading a breakaway, passing to an open Karereatua

Williams for an easy transition basket. Rangiora reduced their deficit to four points with 3:00 left to go in the third quarter, but no matter how well their offense was ticking over, they couldn't stop StAC from adding to the scoreboard.

By the start of the last quarter the score was 50-43 to St. Andrew's. But with four minutes to go in the game St. Andrew's were too far ahead. They had the game secured, up 20 points. Although StAC didn't score for the last 3 minutes of the game, that still wasn't enough for Rangiora as they were only held to scoring seven more points themselves. Not the big enough push they needed.

Karereatua Williams was named Whelan Finals MVP just filling the stat sheet with 17 points, 20 rebounds, 5 assists, 4 steals, and 3 blocks. Leaving no doubt who deserved to be named as the MVP. Two other St. Andrew's players also reached double digits, helping contribute to a Grand Final victory: Maddie Morrow with 20 points, 8 rebounds, and 6 assists; and Kavanah Lene with 15 points, 16 rebounds, and 4 assists.

Congratulations to St. Andrew's College for winning The Whelan Championship game three years in a row!

## MCDONALD'S THOMSON TROPHY DIVISION II FINAL: LINCOLN HIGH SCHOOL vs PAPANUI HIGH SCHOOL

The Thomson Final ended with Lincoln taking home the trophy for the first time ever.

The game started off with a quick low-block hook shot from Kaia Cameron, getting Papanui on the scoreboard in the first seconds of the game. But Lincoln had an answer back with a nice pass from Theo Millichamp down the lane to Jacob Sharp for a bank in. Getting Lincoln right on the board with Papanui.

At the end of the first quarter Lincoln was up by 11 points. Papanui had some catching up to do if they wanted to stay in this game. And that's exactly what Papanui did. Winning the second quarter by 22 to Lincoln's 15 scored that quarter. Lincoln was still up by 4 at halftime but Papanui was able to cut the score down. At halftime the score was 40 – 44, leaving it to be anyone's game in the second half.

Papanui had back-to-back baskets to start the second half, tying the game up at 44. The whole third quarter consisted of the teams trading baskets. Papanui would hit a three, Lincoln would come down and do the same thing.

At the end of the third with seconds left William Van Noorden made a reverse hook shot putting Lincoln up 65 – 60. Both teams scoring about the same that quarter, Papanui with 20 scored and Lincoln with 21.

The fourth quarter was taken over by Lincoln High School, as they scored 28 to Papanui's 15. A huge part of Lincoln winning was the Finals MVP Theo Millichamp recording a double-double (27, 12r, 6a). There were other players on the Lincoln team recording double digits, Jacob Sharp with 23 and Jacob Bennet also with a double-double with 23 points and 14 rebounds.

## MCDONALD'S WHELAN TROPHY DIVISION II FINAL: VILLA MARIA vs HAGLEY COLLEGE

Hagley and Villa Maria played each other at the beginning of the regular season, giving them plenty of time to adjust and scout for this final. Villa got off to a hot start going on a 14-0 run right from the jump. With a quick basket in their first possession of the game scored by none other than the Finals MVP Alex Robinson.

Hagley turned the blasters on and had a quick pass down the lane for their first points of the match. But that wasn't slowing Villa down, they answered back with a corner 3 going straight through the net by Cassidy Brunel. Forcing Hagley to call a timeout to figure out how to stop this Villa team from scoring every time on offense.

After a team talk Hagley was able to come in get some steals and force some turnovers. Hagley was able to cut the deficit down to 8 points in the second quarter. Yet no matter what Hagley did

it seemed like Villa always had an answer back. At half time the score was Villa Maria 39-24 Hagley.

Once that ball was in play at the start of the third quarter Villa never looked back. Holding Hagley to single digit scoring in the second half. Ultimately leading to Villa becoming the McDonald's Whelan Division Two Champions.

Hagley's Eve Tonascia making a push to help her team with a stat line of 21 points and 18 rebounds. Villa had four players scoring in double digits at the end of the game. With Alex Robinson (Finals MVP) leading her team to a win with a double-double (15, 13r).

# DEVELOPMENT REPORT

*Ben Constable*

## COACH DEVELOPMENT

2022 saw over 70 separate coach development sessions offered, ranging from introductory courses, through to masterclasses, and interactive sessions. Totalling over 600 participations across the range of coach development opportunities.

2022 also saw the introduction of multiple new coaching tools and courses. Of particular note is the free Coach Mate App ([www.coachmate.sport/bbnz](http://www.coachmate.sport/bbnz)), which offers up-to-date practice designs to make coaching fun and easy.

The new Coaches Connection Forum was also piloted and will become a staple in the coach development circuit. The new initiative is aimed at recruiting and developing coaches from novice to expert.

It is a weekly event, run in terms one and four, for coaches of all abilities to connect with other coaches, and learn about current best practices guidelines and models.

To encourage our community to have stronger connections, Coaches, and people looking into coaching, will have

the opportunity to engage informally with others over food and drinks prior to the 60 minute coaching demonstration.

Everyone from experienced representative coaches to the many parent and student coaches looking to up-skill, are encouraged to attend. We would like to thank Basketball New Zealand for their support in piloting and establishing this programme.

Other community coach development events included the kiwi hoops online and practical courses, Level 1 on-line and the coach developer courses for those eager to develop their skills to “coach coaches”.

Within the Mainland and U13 Development Programmes, open practices and masterclasses were offered to coaches to develop knowledge of values-based coaching, and the CBA style of play. Ten sessions across the city were offered with 80 participations. Many of the coaches who participated in the U13 and Mainland programmes have progressed to positions as apprentice coaches, assistant coaches and head coaches in the 2023 rep-programme.

## REFEREE DEVELOPMENT

22 referees took part in the Junior Referee Development Programme (JRD). This programme aimed to provide clubs that run their own junior competitions with the tools and personnel to upskill and support their junior referees. The programme achieves this by running workshops

and providing ongoing support to these young developers.

Introductory referee courses were run throughout the year, from on court sessions to hundreds of participants at the U13 development programme, to in school and in club sessions.

## OTHER DEVELOPMENT

Systems and tools to support other development from club to administrators were also established and solidified. These included the monthly Club Collective, allowing club development officers a regular space to connect,

exchange and develop ideas. The club champion programme to celebrate standout community members contributing to the growth of community club basketball and the many informal delivery sessions throughout the year.

2022 was the second year of the CBA's tenure of the representative programme programme. It saw a change of guard with CBA's new Head of Pathways Benjamin Constable taking over the programme.

2022 was also the inaugural season of the Tauhi League, with the Mainland Pouākai becoming the local professional side, run by CRBF and the Canterbury Rams Organisation. This resulted in the Wildcats now entering BBNZ's new "D-League" competition.

With a renewed focus on values and standards, the 2023 Representative Programme in its full documentation can be found at [canterbury.basketball/rep2023](https://canterbury.basketball/rep2023)

### **Board's Responsibilities for the Annual Finance Report**

The Board is responsible on behalf of Canterbury Basketball Association Inc. for the preparation and fair presentation of the Annual Report in accordance with Special Purpose Reporting Framework (SPFR) adopted is acceptable to the Association's circumstances, and for such internal control as the Board determine is necessary to enable the preparation of the Annual Finance Report that is free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibilities for the Audit of the Annual Finance Report**

Our objectives are to obtain reasonable assurance about whether the Annual Finance Report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (NZ) will always detect material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Board's internal control.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in Annual Finance Report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause Canterbury Basketball Association Inc. to cease to continue as a going concern.
