## Game Info

13 minute halves running clock (one minute at half time)

Stop clock last two min if score difference is single digits

One time out (30 seconds) per team per half. Clock stops for these

No free throws unless game has reached stop clock (instead automatically add appropriate points - and one for scored baskets, two or three for shooting fouls)

There is no "team foul" bonus for shooting during the running clock portion (but Unsportsmanlike fouls can be given for excessive fouling - two points plus possession)

In the final two minutes, teams have one foul before they are in the bonus

If Free Throws are awarded in the last two minutes, it is only one attempt, worth the appropriate amount of points (one, two or three)

No personal fouls, but players can be disqualified from the game for receiving two T, or U fouls (or a combination), or D
